Afterword

Hello. This is Wakabayashi Toshiya.

Thanks to all of your support, I was able to finish the summer doujinshi "Tsurezure Children+ 2".

More specifically, thanks to the support of the printing office.

This time, I was so slow that you'd wonder if I'm really a professional at all, and I caused huge problems for the printing office.

But despite all that, the people there were so polite and kind in supporting me that I still feel like I want to go thank them with a box of pastries.

I wonder what kinds and how many I should bring.

Okay, so this time's contents are from what I couldn't cover in the extras for the third volume of Tsurezure Children.

I did have this drawn, but it didn't fit the number of pages, so this story got put into a doujinshi instead.

The last Tsurezure doujinshi was also something I couldn't fit in due to the timing, so I sold it during my bookstore signings for the second volume.

Around that time, I think I wrote some comment about my current playthrough of Pokemon, but I haven't played at all since then. I wonder where my 3DS went...

This became a weekly series this Spring,

but since I'm not used to weekly releases,

I haven't been able to keep ahead of schedule at all, and now Summer is already here.

On top of that, I got carried away, joined an anthology, and did some work for another company.

I thought "oh, if I go for it, things will work themselves out",

but then nothing did, and everything turned into a huge jumble.

Every time, I say to myself "next time, I'll get ahead of schedule", but for now, I'll just try to not take on any other work next time.

...I don't wanna work!!

Anyway, the theme for the character chart once again came from Twitter, and I chose it with a "ghost leg" lottery.

Really, I think if you asked students "What's your favorite youkai?" most of them would probably say "I don't know" or "don't have one", and then draw whatever comes to mind.

I wonder if you'll be able to tell which youkai is which.

...It's okay even if you don't though!

Thank you very much for once again purchasing such an expensive doujinshi.

I'll work hard so that you can continue to enjoy it, and I'll be in your care.

Best regards,
Wakabayashi Toshiya
